- 13.6 The licence to use the New Intellectual Property is limited to development of the Project on the Site. The Client may not use any New Intellectual Property for the development of any land other than the Site without the prior written consent of the Architectural Designer, the Architectural Designer may (if consent is given) request a royalty for such re-use.
- 13.7 Where the Client wishes to use the New Intellectual Property for additions or alterations to be provided by someone other than the Architectural Designer, the Client must obtain the Architectural Designer's prior written consent which shall not be unreasonably withheld.
- 13.8 Each parties' Pre-Existing Intellectual Property remains the property of that party. The Client grants to the Architectural Designer a non-exclusive, non-transferrable, royalty free licence to use, and copy the Client's Pre-Existing Intellectual Property to the extent reasonably required to enable the Architectural Designer to provide the Services.
- 13.9 The Client confirms that the Client's Pre-Existing Intellectual Property will not infringe the intellectual property rights of any third party.

14 Notice of Defects

- 14.1 The Client will notify the Architectural Designer in writing within 20 Working Days of the Client becoming aware of any defects in the Design or Services. The Architectural Designer will not be liable for any losses caused by the use of the Design after the Client has become aware of the issue and before the Client has provided notice to the Architectural Designer under this clause.

- 16.3 Without limiting any defences under the Limitation Act 2010 or any other legislation, the Architectural Designer shall not be liable for any loss or damage occurring more than six years from the date on which the Services are completed.
- 16.4 Where the Services have been reduced, varied or otherwise altered or the Services are terminated or suspended prior to completion, any liability of the Architectural Designer will apply only in respect of the Services actually completed, and only to the extent that the reduction or Variation of the Services has not compromised or denied the Architectural Designer the chance to properly provide the Services or amend or finalise any designs forming part of the completed Services, or otherwise mitigate any loss to the Client.
- 16.5 Where any changes are made by the Client or any other third party to the Design or any relevant consents without the Architectural Designer's prior written consent, the Architectural Designer will not be liable for any damage, loss or expense incurred by the Client as a result of such change.

18. Termination

- 18.1 The Client may terminate this Agreement at any time by giving written notice to the Architectural Designer.
- 18.2 The Architectural Designer may terminate this Agreement if the Client has materially breached the terms of this Agreement and has failed to remedy such breach within a reasonable period of time following the Architectural Designer giving notice of the breach to the Client.

- 18.4 If this Agreement is terminated for reasons other than a default by the Architectural Designer, the Client must pay to the Architectural Designer:
- (a) any loss of profits resulting from the early termination of this Agreement;
 - (b) any costs committed to by the Architectural Designer prior to termination; and
 - (c) any other reasonable costs the Architectural Designer incurs due to termination of the Services.
